

F41F

APPARATUS FOR LAUNCHING PROJECTILES OR MISSILES FROM BARRELS, e.g. CANNONS (smallarms [F41C](#)); LAUNCHERS FOR ROCKETS OR TORPEDOES; HARPOON GUNS (functional features or details common to both smallarms and ordnance, mountings therefor [F41A](#); projecting missiles without use of explosive or combustible propellant charge [F41B](#))

Definition statement

This place covers:

Projectile launchers per se, except for smallarms which are covered in [F41C](#), i.e. cannons, mortars, medium/large calibre guns, artillery guns, ordnance.

Launchers for self propelled missiles, i.e. rockets and torpedos.

Gravity propelled missile launchers and missile launching apparatuses without barrels.

Limiting references

This place does not cover:

Mounting of armament on ships	B63G
Mounting of armament on aircraft	B64D
Functional features common to both smallarms and ordnance	F41A
Projecting missiles without use of explosive or combustible propellant charge	F41B
Smallarms	F41C
Self-propelled missiles	F42B 15/00
Torpedoes	F42B 19/00

F41F 1/00

Launching apparatus for projecting projectiles or missiles from barrels, e.g. cannons ([F41F 3/00](#) takes precedence); Harpoon guns

Definition statement

This place covers:

Includes the projectile launching apparatuses with a barrel which is larger than smallarms. A barrel being defined as a gun tube with a closable breech at the proximal end.

Includes mortars.

Includes harpoon guns projecting harpoons with a pyrotechnic charge.

This place does not cover:

Rocket or torpedo launchers	F41F 3/00
-----------------------------	---------------------------

Spring guns adapted to discharge harpoons	F41B 7/04
Compressed gas guns adapted to discharge harpoons	F41B11/08

F41F 3/00

Rocket or torpedo launchers

Definition statement

This place covers:

Launchers for rockets, including portable rocket tubes and vehicle/infrastructure mounted rocket pods or silos.

Torpedo launchers from above (ship, land and air) and below the water surface.

F41F 3/04

for rockets

Definition statement

This place covers:

Launchers for rockets, i.e. missiles including a warhead and a rocket propulsion system or self propelled missiles.

F41F 3/048

Means for imparting spin to the rocket before launching

This place does not cover:

Laying of mines and depth charges	B63G 6/00
Dropping bombs from aircrafts	B64D 1/04

F41F 7/00

Launching-apparatus for projecting missiles or projectiles otherwise than from barrels, {e.g. using spigots} ([F41F 3/04](#) takes precedence; {centrifugal sling apparatus [F41B 3/04](#)})

Definition statement

This place covers:

Residual maingroup for projectile or missile launchers not covered by [F41B 1/00](#) - [F41C 9/08](#) and [F41F 1/00](#) - [F41F 5/04](#).
